

## ROSTER OF ASBURY AWARDS

**HISTORY:** Dr. Taylor Asbury (Resident 1953-56) instituted this award as a token of appreciation for the excellent training given by Dr. Frederick C. Cordes and his staff. The aim of this award is to recognize annually the best clinical paper given by a 2<sup>nd</sup> year or 3<sup>rd</sup> year resident during the academic year. The papers are judged by a committee for their scientific merit and effectiveness of presentation, two elements that Dr. Cordes emphasized.
