

ROSTER OF THE CROWELL BEARD AWARD

HISTORY: The Crowell Beard Award was established in 1992 to annually honor Dr. Crowell Beard, Clinical Professor of Ophthalmology, for outstanding resident teaching by a Clinical Faculty member. This is an expansion of the previously established Kimura Award which, since 1992, now goes only to the selected Full-time Faculty member for the year. Each recipient is elected each year by the residents. There is no financial prize. A memorial plaque is located in the Department Library with the recipient's names.
